### WASTE AND RECYCLE

---

Argyle would like our client to utilise their kerbside collection to its maximum!

If your bins have not been emptied, it could be because of the following which may have occurred:

- Bin too heavy to lift by truck
- Bin not facing correct direction
- Bin was obstructed
- Contamination of the bin with incorrect waste
- Incorrect bin being left out.

You can keep costs down by separating items if you choose to attend the depot.
