Tips for Gas Heaters/Gas Bottles/Fire Pit Safety

The weather is starting to get colder, and our client's safety is our utmost priority. Make sure that all gas heaters are serviced regularly. If the gas heater is owned by Argyle contact Maintenance. If you own the gas heater, it is tenant's responsibility to get heater serviced. Don't place clothes around gas heaters or any heaters.

Please don't use gas bottles for cooking inside properties. Fire pits are not to be used in small courtyards with easily flammable items around such as awnings or shade cloth.
